Sebi issues clarification on asset allocation framework for multi-cap MFs

- **Regulator Sebi** stated that mutual funds have many options to meet with the requirements of its circular pertaining to asset allocation framework for multi cap schemes based on the preference of their unit holders.
- The markets watchdog clarified that apart from rebalancing their portfolio in the **Multi Cap schemes**, mutual funds (MF) could inter-alia facilitate switch to other schemes by unit holders, merge their Multi Cap scheme with Large Cap scheme or convert their Multi Cap scheme to another scheme category, for instance, Large cum Mid Cap scheme.
- The clarification came after the regulator tweaked asset allocation framework for multi cap mutual funds through a circular issued, requiring them to invest a minimum of **25 per cent** each in Large, Mid and Small Cap stocks, and giving flexibility to the fund manager with the balance **25 per cent**.
- It is reiterated that to achieve the desired objective of True to Label and Appropriate Benchmarking, Sebi will examine proposals of the industry received in this regard, it added.
- Multi Cap schemes had flexibility in terms of allocation to Large, Mid and Small Cap stocks but it was observed that some Multi Cap Schemes have skewed portfolios, with over 80 per cent of investment in large cap stocks akin to Large Cap schemes, and some Multi Cap schemes have near zero or insignificant asset allocation to small cap companies.
